“INTRODUCTION TO ACNET”

**BY
JOEY BERNARD**

ACEnet, the Atlantic Canada Excellence Network, is a consortium of Atlantic Canadian Universities whose purpose is to provide high performance computing resources for university researchers. This short talk will introduce ACEnet and present the resources available to UNB researchers. It will cover available hardware, software, and other resources.

**Wednesday, October 21th @ 3:30pm
Information Technology Center, C-317**
